EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: "Prior Art" labels added to figures 1, 2, 3 and 4. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes. Examiner notes that the record shows that Applicant submitted these changes on 12/12/05 (TRNA 12/12/05) as was stated in Applicant's response dated 3/20/07. However, these annotated drawings are not found in the record. Included in this office action is a hand annotated copy of figures 1, 2, 3 and 4 with the prior art labels.

Allowable Subject Matter

2. Claims 19-31 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant has amended the drawings, claims and specification to overcome the prior objections and rejections. Applicant's argument are persuasive and the amendment overcomes the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
